## TO WHOM IT MAY CONCERN

<p><b>TELJOY AUDIO VISUAL</b> <b>TELJOY BUSINESS SYSTEMS (PTY) LTD- BELLVILLE</b></p>
---

This letter serves to indicate our satisfaction with the competent and professional manner in which Teljoy Audio Visual (Michelle Sars) conducted and executed the installations of the television cable reticulation network and supply of units at both the New Melomed Hospital, Bellville (140-bed) in 2009 and New Coral International Hotel, Cape Town (140-bed), now renamed Hilton Hotel in 2010.

Their set procedures, workmanship and neatness are excellent and willingness to give speedy and timeous service is much appreciated.

Michelle Sars was actively involved from the early stages of the design and actively and satisfactorily assisted with the solution to the problems appertaining to the restrictions of the buildings and the architect's aesthetic requirements.

We hope to make use of their services in future.

Yours faithfully,

.....  
**Yusuf Khan (Director)**
